

We deliver more  
value than you pay for.

## Hometown Service

*...at your front door*

*A family-owned building supply yard and insulation installation company,*

MCS is the go-to source for South Central Mississippi's homebuilding needs. For more than a decade, MCS has offered a variety of services and supplies from insulation to roofing to lumber. Whether it's by installing insulation on a Saturday or custom ordering materials to fit a budget, our dedicated team ensures our customers receive the best service at the best price.

# Insulation

*The Right Insulation for Your Home – and Your Budget*

A well-insulated home is a more comfortable home. By installing the proper insulation, you'll keep cool during the hot Mississippi summers and stay warm during the colder winter months.

Insulation also improves a room's air quality and reduces noise. Additionally, you will use less energy – meaning lower utility bills. Our installers are BPI certified to ensure your job is done right. MCS partners with the best manufacturers in the business to install the insulation that is right for your home.

## FIBERGLASS BATT & ROLL

Owens Corning EcoTouch® Batts & Rolls offer an affordable and energy-efficient way to ensure proper air ventilation and insulation in your home. EcoTouch® batts are easy to custom fit into walls, floors and attics. This is also an environmentally sound solution; EcoTouch® batts contain more than 99% natural ingredients, are certified to include a minimum of 58% total recycled content, and are formaldehyde free.

## LOOSEFILL INSULATION

Owens Corning high-performance PROPINK® L77 Loosefill Insulation is a simple yet effective solution for attics, walls, floors and cathedral ceilings. Along with being formaldehyde free, loosefill is non-combustible, non-corrosive and resistant to fungus and mold growth. Additionally, L77 is certified to include 50% recycled content – the highest percentage in the industry.

## EXCLUSIVE ASSURANCE

MCS is certified by Owens Corning Insulating Systems to provide customers with an outstanding combination of energy expertise and assurance. From products to personnel to performance, MCS and Owens Corning have taken the next step in all-around insulation satisfaction.

## WARRANTY

The Owens Corning CEE Limited Warranty\* is exclusively offered by Owens Corning™ Certified Energy Experts® and provides peace of mind by covering the qualifying product plus installation — with a limited lifetime warranty on the product and an exclusive 10-year limited warranty\* on workmanship. It's a smart way to help protect your investment for years to come.

## COMFORT

You'll feel comfortable with products from Owens Corning.

Outstanding insulation products from an industry leader help keep your indoor temperatures consistent all year round.

## SAVINGS

When an MCS Insulation certified expert installs the right insulation products for the right job, you'll see the savings. In fact, most homes average a 15% reduction\*\* in their heating and cooling bills.

## TRAINING

We are trained by Owens Corning Insulating Systems to identify energy loss problems, create just the right insulation strategy for maximized efficiency and expertly install solutions that last.

\*See actual warranty for complete details, limitations and requirements. Ten (10) years from date of installation by an Owens Corning Certified Energy Expert. \*\* Savings vary. Find out why in the seller's fact sheet on R-Values. Higher R-Values mean greater insulating power. All Rights Reserved. The color PINK is a registered trademark of Owens Corning. Owens Corning Insulating Systems, LLC is a manufacturer of durable, high-quality fiberglass products and does not sell or endorse other insulation industry products.

## SPRAY FOAM

With the ability to adhere to every material and fill every gap, Icynene spray foam is a versatile product that can be used in attics, floors, walls and ceilings. Among its benefits, the spray foam barrier makes a home more energy efficient while reducing noise and improving indoor air quality by keeping pollutants, allergens and pests out.

## Other Products & Services

*We've Got You Covered – From the Ground Up*  
We want your homebuilding process to be as smooth as possible. Our range of building materials include rebar, roofing, drywall, siding, flashing, lumber, galvalum, doors and windows. While materials in our full-line building supply yard are available for pick up, we are happy to arrange a hassle-free delivery – allowing you to focus on your projects, not logistics. Looking for a particular item? We can also arrange a custom order to ensure you receive what you want, when you want it.
